

No Regrets

(She said)
Til mountains crumble and wash to the sea
I'll never regret breaking free
My time had, the place was right
So I turned on heel and entered the night

She boarded a train in the pouring rain
She took off her coat and took off her pain
She watched as her city slowly receded
She smiled to herself as she couldn't believe it

(She said, I've got no regrets)
I've got no regrets, well maybe one or two
(Late at night)
Bur late at night when I think of you
(Will you be mine again)
I wonder if you'll be mine again
(Blue)
Or if I'll stay blue

And now that she's happy, now that she's fine
Now that she's sitting sipping her wine
Now that's she's gone, now that she's free
Life can begin she truly believes

But time ticks by and sometimes she cries
Years fly by, oh how they fly
Life goes on, but she still feels stalled
It was late one night when she finally called

She said, I've got no regrets)
I've got no regrets, well maybe one or two
(Late at night)
Bur late tonight when I thought of you
(Will you be mine again)
I wondered if you'd be mine again
(Blue)
Or if I'd stay blue

She said, I've got no regrets)
I've got no regrets, well maybe one or two
(Late at night)
Bur late at night when I think of you
(Will you be mine again)
I wonder if you'll be mine again
(Blue)
Or if I'd stay blue
